"The attractive market in the Munich region appears sustainable and stable for our business, so after Berlin it was a logical step to have our own team in Munich as well", explains 6B47 Germany CEO Kai-Uwe Ludwig. "So we are very pleased to have found a team in the persons of Jens Schleifenbaum and Jana Schirrwagen, combining extensive knowledge of the sector and good connections with local players on the one hand, with broad experience in the areas of acquisition, project development and project management on the other".

Jens Schleifenbaum came to 6B47 Germany from another Munich project developer, where he gained success as acquisition manager in project development. He concentrated on the acquisition and development of land for housing and commercial use, especially in Munich and environs. Earlier, he held various positions at several companies in the property sector, and has been associated with the south German property market for over 20 years.

Jana Schirrwagen is moving from the banks of the Spree river to the Isar river.
